RPS Projects Business Capability Statement

About us

RPS Projects Pty Ltd is a diverse company that specializes in the operations within the forestry industry; we also specialize in the civil earthwork & plumbing industries.

Our company is based in Traralgon, however our operations take us state wide.

The principal of RPS Projects Pty Ltd is Tim Vines is a licensed plumber and gasfitter. Tim has extensive experience in large-scale projects and was previously Regional Manager for a civil and plumbing contractor in the Pilbara, North West Division WA with responsibility for a number of major projects each in excess of \$3million for Rio Tinto, Woodside Petroleum and Dampier Salt. Previously, Tim was a site supervisor with BP Plumbing on major commercial and high-rise projects in Melbourne. Tim established RPS Projects Pty Ltd in 2008 and has developed the company as a leading business in the Gippsland region.

RPS Projects is on the panel of certified contractors for DELWP, Gippsland Water and the Plumbing Industry Commission. We are also accredited to carry out works on VIC Roads assets.
